

TRAK MACHINE TOOLS

2615 Homestead Place
Rancho Dominguez, Ca. 90220 (310) 608-4422

Date: 8/24/2020

Job Title: Senior Manufacturing Engineer

Company

TRAK Machine Tools has been in business for over 50 years and is the market leader in machines which are targeted for prototypes and small lot production. We are located in Rancho Dominguez, Ca. near the 710 and 91 freeways interchange. The company has been very aggressive in the market place with many new product introductions just in this past year. Please see our Website which can be found by this link: <https://TRAKMT.com>

Job Overview

This position reports to the Vice President of Engineering and is responsible for supporting our manufacturing process from the hand-off from engineering through our manufacturing process which includes our local and Taiwan vendors.

The following are some of the subjects:

Manufacturing Documentation (*Specification, Procedures, Inspections*)

Technical Support (*Machine Tools, Mechanical Mechanisms, Manufacturing Techniques*)

Vendors (*Purchasing Specifications, Communications and Travel to Taiwan*)

Projects (*New Product Testing and Process Definition*)

Manufacturing Process (*Define, Develop, Implement and Maintain*)

Job Requirements

Must be able to organize various situations into written documents which are descriptive of the problem and the diligent to following up with status communications until it's resolved. Also must be able to demonstrate good mechanical troubleshooting skills to support subjects like vibration, machine geometry and other challenging subjects.

Job Qualifications

This position requires a four-year degree in Mechanical or Manufacturing Engineering and 10 years or more of hands experience with troubleshooting mechanical mechanisms relating to Machine Tools.

Company Benefits

- Medical Insurance – (includes dental and eye)
- Life Insurance
- Long Term Disability
- 401K Plan
- Vacation bonus
